Single Source of Truth: Gain real-time business insights.

Workflow Automation: Simplify and synchronize processes across multiple workflows.

Account Views: Get consistent, coordinated snapshots of current accounts.

Flexible Licensing: Never be penalized for growth; adapt as you expand.

Acumatica: Secure & Customer-Focused

Compliance: Maintain standards like GDPR, SOC Type 1 & 2, PCI DSS, and more.

Customer Satisfaction: Industry-leading ratings, built around customer requirements.

Deployment Options: Choose between public or private cloud.

Transparent Pricing: Modern pay-as-you-go licensing without hidden fees.

Customer comments

"I am really thankful we have Acumatica in place right now. If we had been still operating from the old platform, we would have had some significant challenges with people working from home and staying connected. Keep up the good work!"

- Alex Craster, Owner, Craster

"While our competition struggles to adapt, our team has been able to work anywhere and maintain business continuity under any scenario because we're running PennAir on Acumatica in the Cloud."

- Seth Bray, CEO, PennAir

"Power Storage Solutions is not missing a beat, thanks to our decision to go with Acumatica."

- Derrick Elledge, VP of Operations, Power Storage Solutions

"Palmer FoodService is a Food Service client running Acumatica. Being in Tennessee, we first got hit with the tornados and while the national distributors were out of business, Palmer picked up the slack. Now with the COVID-19, food distributors like Palmer are a lifeline for their regional markets. We are family run business's that now have superior technology to the national firms"

- Liz Palmer Gibson, VP Sales & Marketing, Palmer FoodService

"Mobility is an important driver for us. Thanks to Acumatica, our employees can connect to the same central system from any site."

- Thibault Riester, President/Founder, Controleplus France

Acumatica named Best Cloud ERP Solution, Best Manufacturing Solution, Best ERP Software

SIIA CODiE AWARDS

Acumatica noted/ranked highest in customer satisfaction and usability

Gartner®

Source: IDC, 2020

Acumatica a Leader in Midmarket Cloud ERP

“Sophistication: Two references noted that they had no idea regarding the level of sophistication of the system until they started to use it. The references noted that Acumatica is simple and easy to use and reduces overall click count through streamlined workflows.”

A Modern ERP For Any Industry

Devil's Peak Brewing Company
Acumatica Customer Since 2016
